

Asia e University marks milestone with new campus

SUBANG JAYA: Asia e University (AeU) new campus which opened in 2018 marked a milestone in the university's goal of improving its position among Open and Distance Learning (ODL) institutions in Asia.

The new campus comprises an eight-storey building of 86,000 sq ft on 30,000 sq ft of land, twice the size of its previous campus. Strategically located in Subang Jaya's higher educational hub, it is accessible by major highways, LRT and public transport.

The campus is fully wireless and equipped with the latest cutting-

edge technology to provide twenty-first century e-learning and e-resources for more than 5,000 students, facilitating formal and informal learning to support the development of a global learning community.

Campus facilities include numerous well-sized classrooms, theatre, learner service centre, offices, conference room, video conferencing rooms and meeting rooms.

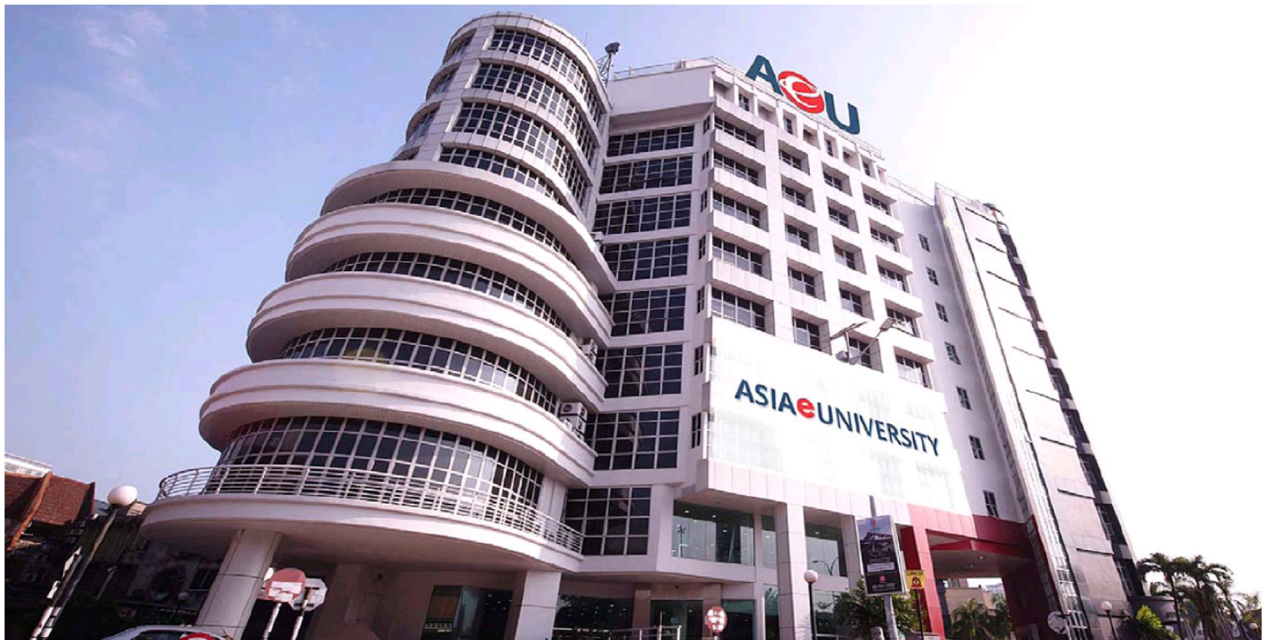

Unique to the new campus are workspaces for students and researchers, social areas and professional-focused facilities such as digital working studio,

future learning augmented reality/ virtual reality studio and 3H early childhood education studio.

AeU is currently having a promotion for its 18-month Online Master of Administration (MBA) and Online Master of Education (MEd) programmes.

Online MBA programme promotional fee is only RM14,800 (all inclusive). For enquiries, contact 014-9629 903 or email to onlineмба@aeu.edu.my.
