

## Earn your Masters online

ASIA e University (AeU) offers online education programmes designed to furnish students with the skills to succeed in life.

The programme covers theory, research, policy and practice across a global field of studies. Students gain insights into teaching and learning methodologies designed to support collaborative and dialogic learning, making headway in shaping the future of education.

The Online Master of Education (Online MEd) is suited to those from a diverse range of professional and career backgrounds that include educators, administrators, trainers, youth workers, mentors, and those involved or interested in leadership and management education.

Students with limited prior experience but with keen interest in education and educational concerns, and those seeking to elevate their careers will find this programme effective.

The programme consists of 9 + 2 courses, including a project paper from a selected choice area of specialisation, which include Early Childhood Education, Teaching English as a Second Language, Educational Management, Educational Psychology, Instructional Technology, Curriculum & Instruction,

Assessment & Evaluation, Science Education, Mathematics Education and Teaching Bahasa Malaysia.

Worth considering is the accelerated time taken to complete the programme, from as quick as 18 months, and the flexibility of stretching the programme up to a number of years.

The programme is ideal for those with family and domestic commitments, and busy career professionals. With AeU's interactive learning system called myPLS, students have 24/7 access to learning materials from anywhere. They can study at convenient times.

myPLS comes as a virtual classroom, library, diary and lecture theatre all rolled into one. It contains all modules, learning materials, schedules and forums, and is mobile friendly.

"We've built this from the ground up, taking on board the current online environment and latest technology that we have available," says School of Education & Cognitive Science dean Prof John Arul Phillips.

The bottom line - you don't have to quit your job to get your MEd, grab the Merdeka Special fee at only RM8,800.
