CONVOCATION
MESSAGES

Message from the Chairman Board of Governors

It is my great pleasure to welcome you all today to the University's 11th Convocation Ceremony. This is the first face to face convocation since 2019, due the Covid-19 pandemic worldwide.

AeU was instituted in 2007 under the auspices of the Asian Cooperation Dialogue (ACD), a body to promote Asian cooperation. AeU was established in Asia by Asian and for Asia as a flexible open distance learning international university. It was established as an initiative of Malaysia, a prime mover in e-education and is supported by 35 ACD Member Countries.

AeU has always been proud that as institution, it has been able to produce employable graduates, as evident by the high number of graduates who are already in the workforce.

Our goal is to both challenge and support students as they develop the knowledge and skills that will not only enrich their lives, but also prepare them to enrich the lives of others.

To the management and staff of AeU, lets us all strive with our efforts in promoting cooperation at a continental level towards quality, flexible and affordable education.

Thank you for your devotion and commitment towards generating graduates who are better equipped to lead organisations, be they in public or private sector.

Graduates of AeU, leverage your education to build a reputation that is highly respected, and make the most of the opportunities you have been granted.

Remember the past, live in the present and look forward to the future! You are living in a challenging times, a time of the new normal, adapt and be resilience.

To the graduates of 2022, I extend my heartiest congratulations on your outstanding achievement. The hard work and perseverance you have put in bears their fruits today. Thank your family and all who have stood by you and gave support towards attaining this achievement. May your graduation be just the beginning of a lifetime of fulfillment for you.

Thank you.

Tan Sri Mohamad Zabidi Zainal

Chairman Board of Govenors

Message from the ACD Representative

It is an honor and a privilege for me to extend my heartfelt congratulatory message to all Asia e University (AeU) graduates today. Moreover, on behalf of the thirty-five Member States of the Asia Cooperation Dialogue, or ACD, congratulations to the AeU on the occasion of its 15th anniversary celebration.

Since the Asia-wide cooperative framework was founded in 2002, we have laid down building blocks to pave the way towards a unique platform of Pan-Asia, aiming to strengthen our mutual goal of sustainable prosperity, reduce poverty and improve the quality of life of our peoples whilst developing a knowledge-based society, thus fortifying international relations among Member States. The ACD was established with the hope of filling in a missing link of Asia by working upon our potential and strengths through supplementing and complementing existing cooperative frameworks, particularly through the common efforts in the 6 pillars of cooperation, one of which is on Education and Human Resource Development.

Needless to say, collaboration on education in the ACD Framework with the full cooperation of ACD University Network (ACD-UN) has been visible for a while. It is worth mentioning that the AeU is instrumental to moving forward education and human resource development for Member States. AeU

was first proposed at the 4th Ministerial Meeting in Islamabad in 2005, aiming to play a leading role in e-education to expand opportunities to the wider Asian community. The proposal was adopted at the 5th Ministerial Meeting in Doha in 2006, and the AeU was established in Malaysia in 2007, which makes 2022 the 15th anniversary of the establishment of the AeU. To date, AeU has over 17,000 alumni from 80 countries around the world, with its mission of becoming a global university and a premier educational hub in the promotion of quality, flexible and affordable learning for all walks of life.

The period of 15 years of AeU could not be achieved if it were not for the dedication of everyone involved, including the Chairman and Board of Governors and Directors, the President, Vice Chancellor, the Management team of the AeU, continuous cooperation and support from the 35 ACD Member States, and all the students. I would like to acknowledge the achievement of this milestone.

Last but not least, for students, the commencement is just the beginning of how we all are going to make the best use of education as a weapon to change the future of our respective countries, to change policy directions and others, for the betterment of our livelihood and the Asian community. All graduates are now part of our achievement, and the conferral of degrees means that your bright future and opportunities are lying ahead. I hope that you will use what you have learnt and experienced during your lives as students for your beloved

countries and societies. I hope that the Asia e University has already prepared you well enough to face new challenges with confidence and maturity in both personal and professional aspects. Congratulations once again to all graduates and I wish you all the best in your future endeavors.

Thank you.

Dr. Pornchai Danvivathana
Secretary General,
Asia Cooperation Dialogue

Message from the President

Today is a special day. It is a day of celebration of your learning journey I hope it is an occasion that you will remember fondly for the rest of your lives.

This year's convocation is indeed special as it coincide with AeU's 15th anniversary of its establishment and also the first convocation after a laps of two years due to the Covid pandemic.

Today is an important day for the parents, spouses, family and friends of the graduates. The achievement of a degree is one that is seldom accomplished without the support of those nearest to us. Today is a celebration which you are very much a part of too.

AeU was setup in 2007 to fulfill an aspiration of the Asia Cooperation Dialogue (ACD) countries to develop quality human capital for the region, by providing flexible and affordable higher education. I am pleased to report that the University has progressed extremely well with the passage of time in achieving the objectives set. This is evident by the increasing number of graduates produced from various academic and training programmes offered by the University. Today the University is recognised both nationally and internationally as a reputable private university dedicated to lifelong learning. AeU has now become a university of choice for working adults wishing to pursue their tertiary education.

Asia e University is committed to becoming a regional and global brand for lifelong learning professionals wishing to enhance their skills and knowledge. Asia e University has become internationally renowned through strategic alliance and partnering universities in Asia

Besides academic programmes, AeU also offers executive programmes under the School of Professional and Executive Education (SPEED), which is the executive education arm of Asia e University. SPEED programmes are innovatively designed and topical in nature for working adults of different backgrounds to pursue their lifelong learning ventures.

SPEED programmes are constantly reviewed to meet the demands of Industry and to address the demand of the Industrial Revolution 4.0 workforce. SPEED has established strategic alliances with local and international premier education institutions both local and international, SPEED delivers the right program for the right clientele through its personalized Professional and Executive Education Programmes.

Recently SPEED in partnership with iTrain Asia launched the country's 1st micro-credential degree program which aims to reskill non-technical graduates or professionals for technical jobs. SPEED is in the process of introducing many other micro credentials for several different industrial sectors. This will provide up skilling and reskilling opportunities to the future work force.

Dear Graduates,

As graduates, you carry the university's reputation with you. Uphold integrity and honor while ensuring quality and competency in your future undertakings. Always keep an open mind and maintain a positive attitude towards challenges and above all, wherever you serve, be a good team player. I am sure that you will all rise to the challenges and be able to soar to greater heights.

I wish to record my sincere thanks and gratitude to the Board of Directors for their guidance and support and all staff for your dedication and sacrifices in making this virtual event a success.

Once again, my sincere congratulations to the graduating class of 2021 and 2022 as well as to your families who have a big share in your success today. I wish you all the best in your future endeavours.

Thank you.

Professor Dato' Dr. Ansary Ahmed
Director & Founder President
Asia e University

Message from the Vice Chancellor

I would like to convey our heartiest congratulations to all the graduating students' class of 2022 for your hard work and achievements on the eleventh convocation ceremony of Asia e University.

With the coronavirus pandemic now in the endemic stage, this year's graduating class of 2022 are able to celebrate their graduation in the traditional physical in-person graduation ceremony. The first to be held since 2019, thus the 11th convocation comprises graduates of 2021 and 2022. Most significantly, this year's convocation coincides with AeU's 15th year of its establishment.

It is a great privilege for me and my colleagues to witness this auspicious occasion. I am proud of the fact that this success has been achieved as a result of joint accomplishments by our students, faculty members, and management of the University.

The graduating students have proven themselves worthy of the degrees and it is time for them to harvest the fruits of the hard work they put in during years of university education. Now that you all have completed your studies, it is time for you to undertake major responsibilities and contribute to the development of your country as a whole.

I do not have any doubt that you are capable of constructing new paths, taking up unknown challenges, and bringing forth triumph and glory for

yourselves and for the country. I would like to remind all of you that you have just embarked upon a long and ceaseless journey; in this journey, you need to hold on to your dreams, tend it well in order to realize them, and ultimately to reach your final destination.

AeU continues to make stride in its academic achievement. The School of Graduate Studies broke the record in 2022 by producing a total of 32 PhD graduates; the largest number by far, comprising of 7 local and 25 international graduates. Meanwhile the School of Arts, Humanities and Social Science (SAHUSS) has obtained approval to offer two new programmes, Bachelor of Accounting and Bachelor in New Media, enhancing further AeU's portfolio of programmes offered.

In addition, AeU is among one of the five Institution of Higher Learning being invited by Malaysian Qualifying Agency (MQA) to participate in APEL.Q pilot project and initiation of APEL.Q activities towards getting approval for offering APEL.Q programmes. This is a testament of AeU's reputation as eminence e-learning education provider. Today we have the first batch of APEL.Q graduates in this convocation ceremony.

Graduates of AeU,

As you receive your respective degrees in Science and Technology, Education, Arts, Humanities, Social Science, or Management, there are opportunities for all of you to contribute, whether small or big, to your community, society and nation, for the betterment of future generations.

To all graduates and your immediate families, today is indeed a day of celebration, triumph and realization of a dream. To all parents and spouses, I commend your sacrifices and hope you will appreciate the accomplishments of the graduates.

Graduates of 2021 and 2022, AeU is your alma mater, please stay connected with us via social media regardless of where you ever are. You are a member of the AeU family. Again, congratulations. I wish you all the best in your future endeavours

Thank you.

Mission

To be a global university and a premier educational hub in the promotion of quality, flexible and affordable learning.

Goals

- To provide programmes of international reputation by collaborating with global institutions.
- To provide students the access to relevant, affordable, cost-effective, flexible education, and training programmes.
- To leverage pedagogical strategies and technologies to develop students' critical thinking, creative abilities, entrepreneurial and communication skills.
- To ensure that all programmes and courses meet the quality benchmark established in the policies and standards of lifelong learning best practices among member institutions.

Philosophy

Since the inception of AeU, it has brought into existence a new approach to tertiary education that gives rise to greater flexibility in learning. The philosophy is based on the commitment that quality education should be accessible and affordable to all people regardless of demographics.

By focusing heavily on technology, AeU has opened the door to higher education, giving working adults the chance to continue learning and to upgrade their skills and knowledge, thus improving not only themselves, but also their families, professions, and ultimately, their countries.

Built on the philosophy, that education should be democratized, AeU has focused on creating an affordable and accessible pathway to higher education, while placing importance on flexible entry requirements, a learner-friendly academic system, and a blended pedagogy that combines different modes of learning.

Core Values

A

ADAPT

We adapt to change and act with speed, agility and accountability to make metrics driven decisions and continuously improve our overall performance.

B

BEST

We go the extra mile to make a positive impact on everything we do.

C

COLLABORATIVE

We strive to exceed the expectations of the people we work with and the customers we serve.

D

DARING

We think creatively and strategically while calibrating risks.

E

EXPERIENTIAL

We create, evaluate, and innovate with pride and enthusiasm to deliver the extraordinary teaching and learning experience.

CORE VALUES

Our values are what we care most deeply about. They are the principles that define our behaviour in striving for excellence.

University Background

Established as an initiative of Malaysia, Asia e University (AeU) is a collaborative multinational university instituted under the auspices of the Asia Cooperation Dialogue (ACD). AeU is at present supported by thirty five (35) ACD member countries throughout the world.

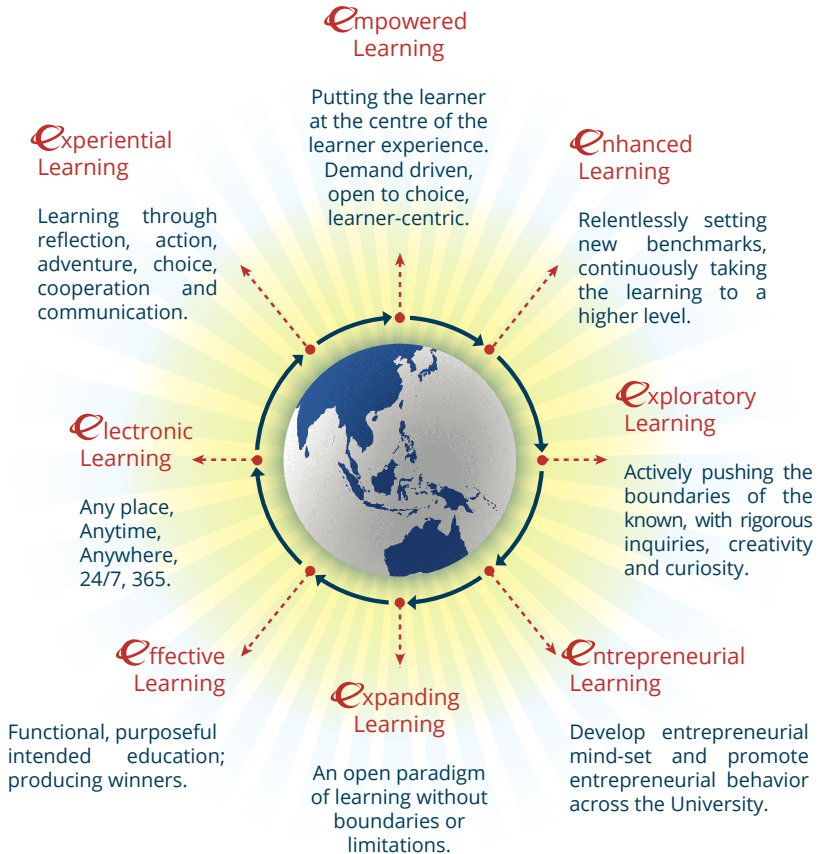

The 35 participating ACD member countries leverage on AeU's e-education platform to increase higher education accessibility for all and narrow the digital divide. Through our shared collective expertise and strategic linkages with our numerous education partners AeU delivers programmes that are imbued with

the goals of flexibility, quality and relevance to provide a truly personalised learning experience for everybody today.

The Asia Cooperation Dialogue (ACD) is an organization which has brought together governments from thirty five (35) Asian countries since its establishment in 2002. The organization aims to foster Asian cooperation at the continental level, and integrate several regional cooperation organisations such as the

Association of Southeast Asian Nations (ASEAN), the South Asian Association for Regional Cooperation (SAARC) and the Gulf Cooperation Council (GCC).

AeU Learning Experience

Schools and Programmes

AeU has six (6) Schools, offering a variety of programmes specially designed to address contemporary Asian needs.

School of Graduate Studies

The School of Graduate Studies (SGS) is tasked to grow as a well-positioned research centre for leading e-learning postgraduate education programmes all across Asia. The School helps students in independent research with the guidance of supervisor(s) and workshop(s), as well as provides personalised support for its Asian-centric post-graduate research programmes. Qualified and experienced supervisors form a pool of expertise in business administration, management, education, ICT, finance, humanities, and social & behavioural sciences research areas. In line with global standards, SGS appoints renowned academicians from world-class universities as external examiners and readers.

Programmes

- Doctor of Philosophy (Education)
- Doctor of Philosophy (Humanities)
- Doctor of Philosophy (Information and Communication Technology)
- Doctor of Philosophy (Social & Behavioural Science)
- Doctor of Philosophy (Business Administration)
- Doctor of Philosophy (Finance)

School of Management

The School of Management (SOM) champions and spearheads the University's programmes in management and business-related areas. These span over business administration, human resource management, accounting, entrepreneurship, knowledge management and e-business.

The key drivers of SOM's well-defined programmes are structured and based on core curricula that are industry-relevant, practically-driven and professionally-enhancing.

- Master in Management
- Master of Human Resources Management
- Master of Science (Management)
- Bachelor of Business Administration (Hons)
- Bachelor in Accounting
- Graduate Diploma in Business Management
- Graduate Diploma in Accounting

School of Education and Cognitive Science

The School of Education and Cognitive Science (SECS) engages in world class education, research and outreach efforts across all of its disciplines for educators and professionals alike. SECS upholds its tradition of quality and excellence in a diversity of education and

cognitive science areas, ranging from management, teaching pedagogies, curriculum and instruction, psychology and nursing education.

Programmes

- Master of Education
- Bachelor of Education (Early Childhood Education) (Hons)
- Bachelor of Education (Teaching English as a Second Language) (Hons)
- Bachelor of Education (Teaching Malay Language in Primary School) (Hons)
- Graduate Diploma in Early Childhood Education

School of Arts, Humanities and Social Sciences

The School of Arts, Humanities and Social Sciences (SAHUSS) is envisioned to become a premiere centre for interdisciplinary perspectives drawing mainly from the study of arts, humanities and social sciences with special attention paid to Asian studies. Among the areas of study include topics such as arts, culture, psychology, sociology, communications, linguistics, politics, and religion. Through its interdisciplinary approach, SAHUSS aspires to deepen interest and understanding of the Asian region's arts, humanities and social sciences among its graduates.

Programmes

- Bachelor of Education (Teaching Islamic Studies in Primary School) (Hons)
-

- Bachelor of Arts (Hons) in Graphic Design
- Diploma in Islamic Studies

School of Science and Technology

The School of Science and Technology (SST) was established to become the forerunner and an innovative school in ICT education initiatives and collaborative learning, especially in an Asian setting. The School offers a variety of programmes in the areas of ICT and IT Technology respectively.

Programmes

- Master in Information and Communication Technology Management
- Bachelor of Information and Communication Technology (Hons)
- Bachelor of Digital Creative Media (Hons)

School of Foundation Studies

The School of Foundation Studies (SFS) recognises the aspirations of secondary school graduates who want a quality PreUniversity education, via the International Foundation Programme (IFP), to enhance their knowledge and skills for undergraduate studies. Being a Recognised Teaching Centre of the University of London in Malaysia, AeU enables the IFP graduates to have wider accessibility to degree programmes globally.

A green-tinted photograph of a group of graduates in caps and gowns, looking forward. The image is overlaid with a semi-transparent green filter. The graduates are wearing black caps and gowns, and some are wearing glasses. The text "UNIVERSITY TRADITIONS" is written in white, uppercase letters in the top right corner.

UNIVERSITY
TRADITIONS

Convocation Paraphernalia

The university convocation represents the highlight of the university year. It is a celebrated event when the university publicly recognizes and rewards the achievements of the students. The yearly university ceremony is conducted with full university tradition and rituals. Among the paraphernalia displayed are: the mace, the chair, and the various regalia of the different designations and degrees conferred.

The University Mace

The ceremonial mace, carried at the head of the procession, symbolises both the status and standing of AeU as an institution vested with the honour and responsibility of imparting knowledge to its students. The mace bears various intricate representation reflecting part of the history, values and role of the University.

The mace is made of silver and chromed with gold that symbolises the University's governing authority and is used only at official ceremonies where the Head is present to signify the seriousness and depth of the ceremony. This mace has five main representations.

The globe at the head of the mace is reflective of the global outreach of the university in all respects in the nature of the knowledge it imparts, the personnel it employs as well as the students it welcomes.

Below the globe, the pentagon that holds it, stands for the University's five key values which are Agile, Best, Collaborative, Daring and Experiential. The ascending steps below the pentagon mirror the adventurous path that students have to traverse in their pursuit of success. The wider circumference as the steps ascend indicates that higher goals are not easy to achieve but as one soldiers on, both the knowledge and rewards grow.

The Ceremonial Chair

The stature and distinction placed on the chair is paralleled with the seat of honour of the highest ranking official of the University during the convocation ceremony.

At its head is the logo of AeU crafted in silver. The colour of the chair is combined with the red colour of AeU logo, adding to its impressive status. The chair is made of Cengal wood, a species of hardwood from Malaysia. The intricate carvings on the chair are similar to the motifs on the mace.

The same motif that is the central focus of the design on the mace is repeated on the chair. The central triangular shape with the focus at the peak symbolises the highest point as the goal. The modern motif depicted by the non-linear shape symbolises universal concepts. Finally the candle like shape symbolises the basic aim of an educational institution which is to enlighten students and guide them with knowledge.

The Academic Regalia

Academic gowns or robes have been a major part of the formal attire at Convocation ceremonies. It has a long colourful history origination from the Middle Ages. While maintaining a certain degree of tradition; convocation robes may incorporate specific details defined by the University. It holds a status and defines the wearer based on his or her standing amongst the officials of the university or the class and fraternity of the degree received.

At AeU, the ensemble consists of a gown with a separate hood which follows the colour of the School, and a bonnet or a mortarboard which represents light appearing around a distinguished person.

Vice Chancellor

The robe is of blue damask detailed with yellow stripes at the front lapels and sleeves. The edge of the shoulders is embellished with hand-embroidered yellow work while the arms opening at the middle of the sleeves adorned with yellow ornaments around the sleeves with yellow braid edging.

Chairman Board of Governors

The robe is of black damask detailed with yellow stripes at the front lapels and around the sleeves. The edge of the shoulders is embellished with hand-embroidered yellow work and the arms opening at the middle of the sleeves with yellow stripes.

Chairman Board of Directors

The robe is of maroon damask detailed with black songket and 3-inch gold lapel braids in front. The edge of the shoulders is embellished with hand-embroidered gold work while two gold ornaments edged with a gold braid adorn the sleeves.

President

The robe is of black damask dressed-up with maroon songket and 3-inch gold lapel braids in front. Embellished again with hand embroidered gold work on the shoulders, this gown is also adorned with gold ornaments around

Board of Governors

The robes are of maroon soft fabric with peach and yellow stripes at the front lapels and sleeves.

University Senate

They are identified by their dark purple robes and light pink soft fabric with yellow edging on the front lapel.

Doctor of Philosophy
Doctor of Business Administration

Recipients of this prestigious degree are identified by their blue and red robes with red fabric on the sleeves. The arms opening at the middle of the sleeves bears three blue stripes.

The colour of the hood is purple with white lining. It is complemented with a bonnet of black velvet with a gold tassel.

Master's

Master's graduates are classified by their blue robes with soft fabric in red. The sleeves are also red in colour with two blue stripes.

Bachelor's

The robes of the Bachelor's degree recipients are made of soft fabrics which represent the corporate colours of AeU. The gowns are in blue while the sleeves are red in colour.

The mortarboard for the Bachelor's attire is of black flannel wool with a black tassel. What differentiates each School is the colour of the hood.

Tan Sri Dato' Dr. Syed Hamid Albar was born in Kampung Melayu Air Itam, Penang on 15 January 1944. Soon after the war, the late Tan Sri Syed Jaafar Albar, father of Tan Sri Dato' Dr. Syed Hamid Albar relocated his entire family to Johor, where he honed his profession as a journalist and free-lance writer.

In 1947, the late Syed Jaafar Albar accepted Dato' Onn Jaafar's invitation to assume the post of the UMNO Information Chief. When the UMNO Headquarters shifted from Johor to Kuala Lumpur, the family moved to Kuala Lumpur. Here, Tan Sri Dato' Dr. Syed Hamid Albar was first schooled in Batu Road Primary school, then went on to Maxwell School before entering Methodist Afternoon School and the following year to Methodist Boys School. He loved debating and literature. His competence in these areas was exhibited through the various characters he played in the Shakespearean plays. He also showed his interest in team based activities by playing soccer and rugby for the school. Upon completion of his fifth form in Kuala Lumpur, Tan Sri Dato' Dr. Syed Hamid Albar did his matriculation at the Geelong Grammar School, Victoria, Australia

before being admitted to Monash University, where he pursued a degree in economics and politics. But after a year at Monash, he decided to go to London where he did his A-Levels Religious Knowledge (Bible Study), Economic History and Constitutional Law. A year later he entered Middle Temple to read law and qualified as a Barrister-at-Law in 1970. While in London, he was a keen student activist and was twice elected President of Kesatuan Melayu, United Kingdom. Later while working with the Bank Bumiputra Malaysia Berhad in London, he initiated and established the London UMNO branch of UMNO UK, which has continued since to play a prominent role in cultivating future leaders within the party.

In 41 years of public service, Tan Sri Dato' Dr. Syed Hamid Albar has left his mark on the banking, business, law, and government sectors. After receiving his Barrister-at-Law degree from Middle Temple, he returned to Malaysia and worked as a Magistrate and President of the Sessions Court. He then moved into the area of international finance and banking, holding numerous executive post including Director and Chief Executive of Bumiputra Merchant Bankers, and Chief General Manager of Bank Bumiputra Malaysia Berhad. In 1986 he joined the law firm of Albar, Zulkifly & Yap as a partner, and in 1990 was elected as a Member of Parliament and joined the Cabinet in the same year, as Minister in the Prime Minister Department and also as Minister of Justice. On May 8, 1995, he was appointed Minister of Defence where he initiated diverse changes to strengthen the armed forces. In 1999 he was

named Minister of Foreign Affairs until April 2008, followed by his appointment as Minister of Home Affairs from May 2008 to April 2009, he showed his commitment and dedication in carrying out his duties and responsibilities. His service as a Cabinet Minister in government spanned 20 years under two Prime Ministers namely Tun Dr. Mahathir Mohamed and Tun Abdullah Ahmad Badawi. He served as an MP for 5 terms or 25 years. He was responsible for the implementation of a number of major policy changes during his post as Minister of Law. Of significance is his role in increasing the number of posts in the Judiciary and in reducing the number of backlog in cases.

However, it was in the Ministry of Foreign Affairs that Tan Sri Dato' Dr. Syed Hamid Albar made his mark as an able foreign affairs Minister, especially on issues relating to ASEAN, Organisation of Islamic Countries (OIC), UN and other multilateral matters.

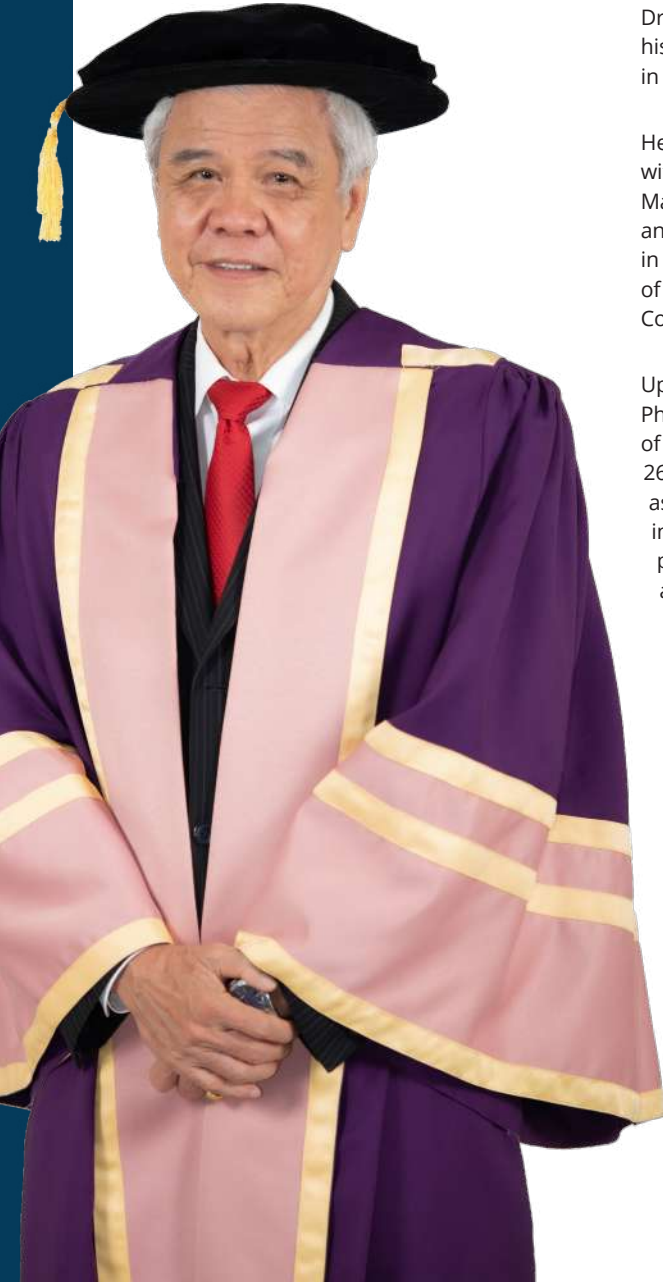

On 18 February 2022, he announced his retirement from politics and devotes his time to academic and legal profession and non-governmental organisation (NGO) activities. Tan Sri Dato' Dr. Syed Hamid is married to Puan Sri Datin Seri Sharifah Aziah binti Syed Zainal Abidin and has six children. In his spare time, he enjoys reading, writing and swimming.

In his years of service to the nation, Tan Sri Dato' Dr. Syed Hamid has clearly exercised and discharged his responsibilities, both in his personal as well as his professional capacity, with dedication and humility.

THE 11TH

School of Professional & Executive Education Profile

The School of Professional & Executive Education (SPEED) is founded primarily to impart dynamic skills, knowledge and experiences to 21st century executives who are in pursuit of lifelong-learning. SPEED offers training programmes to executives and professionals from various industries with the purpose of allowing these well-qualified mavericks to spur their career enhancements. SPEED provides programmes in a variety of fields covering self-improvement and general interests and they can be tailor made to include the development of professional and overall competency such as communication and critical thinking skills.

Participants of the SPEED programme manage their own tasks and perform their best. This encourages students to provide substantive feedback as they go along and naturally inculcates a culture of owning up to the responsibilities among these privileged individuals thus further reinforcing confidence and self-empowerment. The prerequisites for enrolment into the SPEED programme have been tailored by AeU to boost interest among professionals and executives, one of which is the requirement of at least one year of working experience in the respective fields. The purpose is to encourage working adults to consider enhancing their existing skills and knowledge.

Professional and Executive Education programmes are tailor-made for respective clienteles, and delivered by a multi-national, multi-cultural faculty, through SPEED's strategic alliances with local and international premiere education institutions.
